21st April 2016

Dear Parents

You will have hopefully seen and used our fantastic new zebra crossing which was installed and completed over the spring break.

The crossing is a welcome addition to improving the safety of our pupils and parents on their journey's to and from school. We have already seen a difference in the last few days with the extension of the zig zag markings reducing the amount of congestion on School Lane.

I'd like to thank our school governors, Helen Coy & Councillor Smith as well as Elton Parish Council for their commitment to this project. Councillor Smith will be officially opening the crossing tomorrow afternoon so if you are about, please do come along.

Please can I ask now for your support to ensure the new parking restrictions are adhered to. As always, we will continue to work with the local PCSO and council and would ask you contact them if you have any queries.

Yours sincerely

Victoria Carr
Headteacher
