

## What should I already know?

- Digital images are pictures on a computer or digital device.
- Digital images can be used to enhance documents created by desktop publishing.
- Images can be drawn using computers. You have tried this in the Paint programme in Y1 and Y3.
- The names of 2D shapes.

Creating

Evaluation

Collaborating

Decomposition

**Vector Drawings:** drawings created on a computer, made up of lines and shapes put together.

Draw the shape at the back first, then layer up.
