

Elton Primary School- Knowledge Organiser

Geography Topic:

Compare and contrast the physical and human features of Elton and Pointe-à-Pierre.

Year:

Year 2 Summer 2

Pointe-à-Pierre, Trinidad.

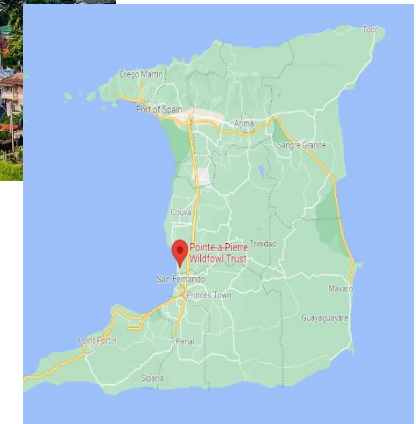

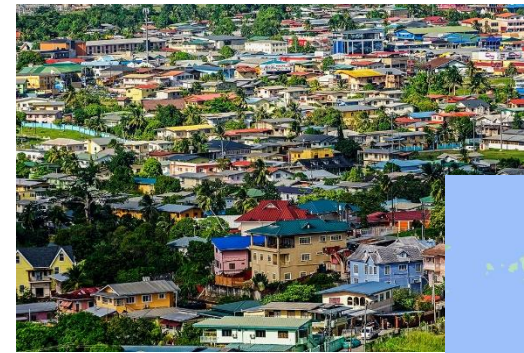

- Trinidad is an island in the Caribbean.
- It is in South America, just off the east coast of Venezuela.
- It is known as Trinidad and Tobago. Tobago is another island, close to Trinidad but smaller than it.
- Pointe-à-Pierre is a town in the west of Trinidad.
- Trinidad used to be a part of the British Empire.
- Pointe-à-Pierre has a large oil refinery - now the only one in the country of Trinidad and Tobago.
- Rice, sweet potatoes, bananas, mangos, pumpkins are all examples of fruits and vegetables grown in Trinidad and Tobago.
- Pointe-à-Pierre had a population of just 460 people in 2011.
- Pointe-à-Pierre is a very hot part of world, being near the equator. The average temperature there is 32 degrees Celsius, and this stays the same throughout the year.

Elton, England.

- Elton is a village in the county of Cheshire. Cheshire is in North West England.
- It is 8 miles from the city of Chester.
- Approximately 3,500 people live there.
- To the west of Elton is the Stanlow oil refinery which produces one sixth of the United Kingdom's petrol.
- There is also a large glass bottle production factory called Encirc in Elton. They make 1.2 billion bottles a year.
- Elton has a primary school, shops, pubs and a village hall.
- The village is surrounded by fields and is close to the River Mersey.
